## Iwakuni residents honor fallen Americans with Memorial Day Service

LANCE CPL. LUKAS BLOM Combat Correspondent

A Memorial Day Ceremony was held at the Station Vietnam Memorial, May 27, to pay homage to our fallen brothers and sisters who paid the ultimate price while protecting the freedoms enjoyed by the citizens of the United States of America.

First held in May 1868, Memorial Day was created as a day to remember the fallen soldiers of the Civil War. During the first observance of the national holiday, May 30, 1868, flowers were placed on the graves of Union and Confederate soldiers alike. Although the South initially refused to recognize the crowd of Marines, sailors and civilians. holiday, honoring their dead on separate days until

memorial, clean it up and make it look

After hearing about the upcoming project, the Scouts were filled with excitement. Not only would it fulfill the service to community they each pledged as a part of their oath, but because they looked forward to honoring the veterans.

"When the Scouts heard about the project they thought it would be a great idea," said Suther. "Typically we just come out and clean it up, but this time we decided to take it a step further, repainting it and dressing it up and the scouts couldn't wait. They understood how special the project was '

The Scouts worked diligently on the renovation without any gripes or complaints. The only thing matching the new shine of the monument was the shining smiling faces present during the project. They all worked with a cheerful attitude knowing their work would not go unnoticed.

"I really wanted to come out here and clean this up," said James A. Hashman, 13. Hashman is a first class patrol leader for Troop 77. "It's a monument and it respects the ones who died for our country, so we should see Scours Page 4

## New law to affect SGLI Payments, Premiums DONNA MILLS results of injuries received during the increments will increase to \$50,000. Compensation will range from

American Forces Press Service

NEWS

WASHINGTON - Defense and Veterans Affairs officials are ironing out details of programs that will expand benefits provided through Service members' Group Life Insurance.

The \$82 billion supplemental legislation signed into law by President Bush May 11 increases maximum SGLI coverage to \$400,000 and provides payouts of up to \$100,000 for servicemembers with traumatic injuries. explained Stephen Wurtz the VA's deputy assistant director for insurance. The increased SGLI coverage will

take effect Sept. 1, and the so-called "traumatic SGLI" benefit, December 1. Wurtz said the legislation directs that both benefits will be retroactive to Oct. 7 2001

Traumatic SGLI benefits will be retroactive for troops who have lost limbs, eyesight or speech or received other traumatic injuries as a direct

# M.C. Perry recognizes efforts of Motor T

LANCE CH. LUKAS J. BLOM Combat Correspondent

Matthew C. Perry High School presented the Station Motor Transportation department with a plaque for the safe and steadfast transportation service they provide to the Samurai students and faculty throughout the school year May 18

"We run kids from Iwakuni to Sasebo, all the way to Tokyo, weekly,' said Kevin O'Brien, M.C. Perry assistant principal. "The Station Motor T department has been really amazing in delivering all the students to their various destinations safely and timely."

Throughout the course of the 2004-2005 school year the Station Motor Transport office escorted Samurai students and faculty on more than 160 field trips and logged in more than 36,800 miles.

Although the past year has been a shining success for both organiza-

tions, relations between the two were efforts to not always quite so rewarding. improve the "In the past three or four years, growing

the relationship between M.C. Perry and Motor T wasn't the best," said Chief Warrant Officer Justice M. Lasvone, Station Motor Transport officer. "We didn't have the best communication with each other and there was basically just a lot of tension in the air."

With both sides recognizing the less than ideal relationship, they figured out a solution; increase communication and prepare for more hours and harder work.

"In the last year, things have really turned around thanks to the willingness of our Japanese drivers " said Lasyone "Their flexibility and dedication has really proven to be the difference. Without them, I'm not sure if we would be receiving this award."

Seeing the commitment in the Motor Transport personnel M C Perry also began increasing their

## graders Marine receives support from second

LANCE CH. CRISTIN K. BARTTER Combat Corresponden

Members of the armed forces have millions of supporters from around the world, thankful for the troops who protect our country. Troops away from home receive care packages and letters not only from their families and loved ones, but from people they have never met or heard of And it's not just troops who are serving in combat zones who are the beneficiaries of these tokens of appreciation.

One of the Station's finest Lance Cpl Casey Palka, Marine Fighter Attack Squadron 212, aviation mechanic, and Michigan native, has been a recent recipient of civilian appreciation and support.

Palka has received over 50 "thank you" letters, e-mails, and phone calls from second graders at Nowlin Elementary School in Dearborn, Michigan. Particularly meaningful for Palka is the fact that this is the same Elementary school he attended as a child. It all started as a class project.

"Mrs. Theresa Bungee wanted to give her students an opportunity to write to a member of the armed forces, which could also be incorporated with their studies of Japan," explained Denise Palka, Casey's mother. Denise also happens to be a member of the Michigan Military Moms "She (Bungee) asked me if Casey would mind getting a bunch of letters from second graders. I knew that he wouldn't have a problem with it."

Each child in Bungee's class wrote a letter to Casey and drew a picture on the back of it with

## Scouts from Page 1

respect it like we do them."

As the Scouts began their work on a late Friday afternoon, passing cars and pedestrians would slow to examine the work. It was the exact reaction the scouts were hoping for

"Before the renovation most people would walk by and just see another torii," said Neil E. Suther, 16. Suther is the senior patrol leader for Troop 77. "Now that the memorial is cleaned up and we've decorated it a little more. I'm hoping more people will realize what it stands for and will begin to respect it more.'

crayons. The letters, along with some goodies for him to enjoy, were sent to Casey; a special care package filled with thanks

"The students are thrilled to be communicating with someone who is actually protecting the country they live in," said Bungee. "They are a patriotic group. They love singing our national

anthem and ask to do so daily They look up to Casey as a role model. We discuss what an important job he and other service people have. They also enjoy talking and writing

to someone who is in another country. At the same time we are reinforcing geography.'

When he received the care package, Casey was overwhelmed, "I really didn't know what to expect from the kids," Casey said. "I just started going through every letter and could tell that each and every one of them put a lot of effort into their letters, and were, most of all, thankful for my service in the Corps One of the numerous letters Casev received reads:

Dear Casev. My name is Devin and I am in 2<sup>nd</sup> grade. Thank

you for protecting our country. I am from Nowlin School. What food do you eat in Japan? Do you

## **INSPECTOR** from Page 2

If an active duty member misses an appointment, then a letter is forwarded to that member's command informing the commanding officer that this individual was a "no show" for their reserved appointment time.

The clinic highly encourages individuals who know they will not be attending their scheduled appointment to please call the clinic and cancel so the appointment slot can be re-released so it may be available for another individual to utilize.

fresh air and view

The hikers moved down the mountain like ants in a single file line. Each person watched where the hiker in front of him stepped to make sure it was safe

"Everything was going at a steady pace on the way down when all of a sudden I heard a holler from Rich who was behind me. I turned around quickly to see what was wrong when I saw him land from a hard fall." said Henry, "I knew he had broken something, because his body was so contorted. We asked him what was wrong and he told us it was his left ankle'

Tovar saw Rich take the hard fall. "I saw him fall and saw his ankle bulge out of his sock. I knew we had to take him were he would receive medical treatment

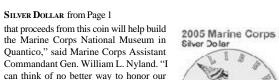

"On the way down trail A, we were hiking down a waterfall and I twisted my ankle. It was minor, but it loosened up my ligaments enough to raise the possibility for me to twist it again As we got further down the trail I stepped on a root and because my legs were so tired from hiking my ankle rolled inward and I felt it snap as I went straight to the ground," said Rich.

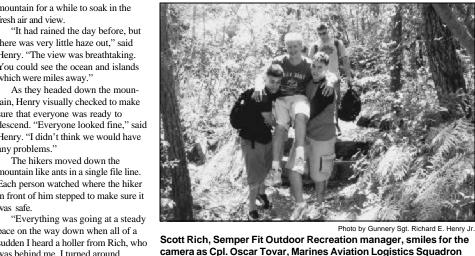

After establishing the fact that his ankle was immobile, the Marines starting working together to get Rich down the mountain without injuring his ankle further

"I tried standing on it at first but I couldn't put any weight on it so we needed to figure out another way to

12 electronic countermeasures technician and Sgt Keith R. Brown, MALS-12 nondestructive inspection technician, carry him to the base of the Three Peaks.

get me down," said Rich.

"We just started moving in high gears, taking his (Rich's) pack and the people who would be assisting him at the time," said Henry, "It was a very slow process. We used three techniques to help him down the mountain We would have him hold on to two of us and hobble along, or two people would interlock arms and he would sit down while we would move down the mountain. When the trail got too steep, one of us would fireman carry him '

"They were all so tired from hiking up two peaks and yet they carried me down the rest of the mountain," said

Once they reached the bottom, Rich was taken to Branch Health Clinic. After a number of X-rays, Rich found out that he had severely broken his ankle and would need a plate and seven pins to heal it correctly. "I can't say enough good things

about the guys who assisted me down the mountain and the medical person-

nel at BHC," said Rich with his leg propped up, molded in a motivated camouflage cast. "Even after I was dropped off at the hospital, the hikers were really concerned about my health and kept in touch with me to see if there was anything else they could do

"It felt good knowing that I was helping this person," said Tovar. "There was no way we were going to leave him there. So, we picked him up, applied our survival training skills and carried him to safety '

Hikers need to take the precautionary measures necessary to protect themselves from injuries, "Always wear proper footwear with ankle supports when you go hiking," said Rich. "I was anticipating an easy hike so I wore tennis shoes, which was a bad idea. If you have a minor sprained ankle or you twist it, be aware that you have just increased your chances of a more severe injury. Last of all, never go hiking alone."

## MEMORIAL from Page 1

hundreds of thousands of Americans currently entrenched in the War on Terror "We can read and hear sad news each day of more of our fallen heroes, but we know these fine Americans They are our brothers and sisters, our sons and daughters and some of our closest friends. They lay their lives on the line each day so that we all may bask in the very freedoms for which they fight."

Following the commanding officer's speech, the Station color guard presented the Marine Corps colors and the National ensign in reverence of the fallen American heroes. Three shots were also fired by the seven-man rifle squad. representing a 21-gun salute.

Closing the ceremony, Concha addressed the crowd of service members and civilians and offered the closing prayer. Poignant and appropriate, Concha chose to recite the Marine's Prayer to pay one last honor to the fallen.

"God bless you all and God bless the United States of America."

# **STATION RESIDENTS** SULT UP

CORDER OF

STORY BY LANCE CPL. LUKAS J. BLOM Combat Correspondent

he cold winter weather is gone, springcleaning is finally finished, now it's time to relax and let loose for a worry free summer and just enjoy the fun in the sun, right?

As plans are being made for summer vacations and leisurely weekend camping trips on the banks of one of Japan's many rivers. Station residents should be making arrangements with one main focus other than fun, safety.

"Every year, this is the time of year when we take time to relax and spend time with our families. Unfortunately, we also often times relax our guard." said Lt. Col. James C. Stewart, Headquarters and Headquarters Squadron commanding officer, during the Summer Safety Stand-down at the Station Chapel, May 25.

To combat this potential problem the Station Safety Center provided Summer Safety Standdowns for all Station personnel in an effort to equip them with all necessary knowledge to have a safe, enjoyable summer.

"Safety is not just about numbers and statistics: those numbers represent someone's life," said Richard Perry Station safety officer Although numerous subjects were discussed

during the Stand-down, emphasis was brought upon water safety and heat injuries during the 101 days of summer.

"Many people see smooth running water on the surface, but what they don't realize is that there are strong currents under the surface that can carry a lot of debris and floods," said Perry. "Your best bet is if you see some Japanese locals avoiding certain activities or areas, there is probably a very good reason why. When in Rome do as the Romans, when in Japan do as the Iananese

"The biggest problems arise when people lack knowledge on the water hazards in the area they are at or they participate in risky behavior," said Sean G. KimHan, Station safety specialist. "Never use drugs or alcohol while swimming, when you mix water and alcohol there can be deadly consequences. You should always enter the water feet first and always make sure to swim where lifeguards are present.'

Station residents are also able to enjoy other water activities than swimming, but safety must

always be emphasized in all water activities. Station Marina and IronWorks Gym Outdoor recreation also offer canoe, kayak, waverunner, sailboat and

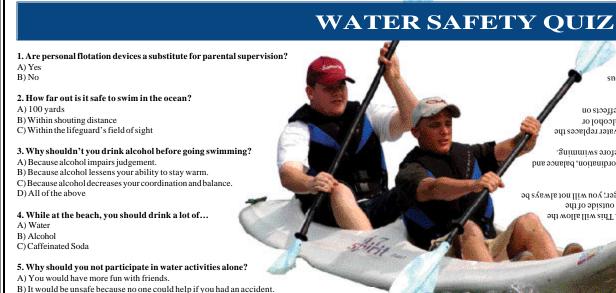

pontoon rentals for Station residents to enjoy the water from another aspect. Safety videos and written tests are required to operate any of the vessels. In addition, all occupants must be wearing life preservers and helmets on the waverunners

C) Neither of the above

and kavaks.

Along with all the fun outdoor activities that summer brings with it, high temperatures and more hours of sunshine present numerous health risks to Station residents; heat cramps, heat exhaustion, heat stroke, dehydration and sunburn. "It's very hot and humid during the summer months in Japan," said

Billie Scott, Marine Corps Community Services Semper Fit health promotions director. "People should be wearing appropriate clothing, using sunscreen on exposed areas and limiting the amount of time they spend in the sun. Another huge factor in staying healthy over the summer months is to keep a healthy diet and exercise regularly." Along with safety issues specific to the summer months, residents were also briefed on traffic safety and Status of Forces Agreement regulations. "Anybody who tells you that seat belts don't

## STORY AND PHOTOS BY

LANCE CH. CRISTIN K. BARTTER Combat Correspondent

"We have become not a melting pot but a beautiful mosaic. Different people, different beliefs, different yearnings, different hopes, different dreams." - Jimmy Carter, 39th president of the United States of America

The Station shed some light on a specific portion of that beautiful mosaic during the Asian Pacific American Heritage Month luncheon in the Club Iwakuni Ballroom, May 25.

Guests at the event were informed of the many different cultures that make up the Asian community. The Filipinos, Koreans, Chinese, Japanese, Samoans and Thais are just a few.

Lt. Col. John Puskar, Station executive officer, commenced the ceremony with opening remarks commenced the ceremony with opening remarks about the Asians performance within the military services, "Asian Pacific Americans have served proudly in our military and will continue to do so as we persist on the war on terror. I nove all of us have taken some time this month to learn more about the many factors of the Asian Pacific culture and their achievements."

Cmdr. Rachele Cruz, senior nurse of Branch Health Clinic, followed as the guest speaker of the event and enlightened guests with interesting facts about Asians, "The Asian Pacific American community encompasses over 30 distinct ethnic groups, each with their own culture, history, language and identity

Two of these many cultures, the Philippine and Japanese, were present to entertain guests with various dance styles. The children of Philippine American Society performed the Bulaklakan, a dance of emerald orchids and other blossoming plant life. This dance is performed widely during the month of May and is performed in celebration of the "Santa Cruz de Mayo." The girls in this dance each held a garland of flowers attached to a bent wire.

The teens of Philippine American Society performed the Pandanggo Sa Ilaw, a dance with candles. It is considered the most difficult of all pandanggos because the women dance with three oil lamps or candles one

in each hand and one on their head. The Japanese dancers, Hoki Fujimoto, Michiko Inoue and Yoko Doi, performed traditional Japanese folk dances. In ancient Japan, dance was centered on Shinto, the

native religion of Japan. It The Children of Philippine American Society perform the Bulaklakan, a dance with flowers. The girls each held a garland of flowers attached to a bent wire.

gold fans. All three participated in their second performance as they clapped and moved elegantly to

"I thought the dances were neat," said Cpl. David Frederick, Marine Aviation Logistics Squadron 12 network administrator. "It was good to see different people of different cultures come out and perform because you don't get to see that very often. It was great."

As the event came to a close Lt. Cmdr. Willie

## 岩国基地住人が夏の安全知識を身に付ける

寒い冬が過ぎ、春の大掃除もようやく終わった。何の心配もせずにリラックスし、 太陽の下でただ楽しむだけの夏がやっとやってくる。

夏休みの計画や、のんびりした週末に日本の河原でキャンプをする計画を立てる 場合、岩国基地住人は楽しみよりも別の点に焦点をあてて準備するべきである。それは 安全である。

「毎年、この時期が我々がリラックスして家族と過ごすときである。不幸なこと に、我々はしばしば警戒心を解いてしまう。」と5月25日に治国基地教会にて行われ た夏前の安全講習会で、岩国基地司令部司令中隊長、ジェイムズ・c.・ステュワート 中佐は話した。

この潜在的な問題に取り組むため、岩国基地安全部は、岩国基地住人全員を対象 とする夏の安全講習会を行った。この講習の目的は、基地住人に安全かつ楽しい夏を通 ごすために必要な知識をすべて身に付けてもらうことである。

「安全とは単なる数字や統計ではない、これらの数字は人の命を表している。」 と岩国基地安全担当官、リチャード・ベリー氏は話した。

安全講習中は多くのテーマについて話し合われたが、中でも、101日間に及ぶ 夏の間の水上安全と熱中症について強調された。

「表面で水がスムーズに流れているのを見ると、多くの人は表面下で強いカレン ト (潮流) があることに気付かない。このカレント (潮流) は多くの土石や大水を運ぶ ほどの力がある。」とペリー氏は話す。「日本の地元の人がやっていない遊びや避けて いる区域があれば、それには理由があるはずである。郷に入っては郷に従えというが、 日本では日本人のやるようにするべきだ。」

「自分のいる場所の水上危険地帯を知らなかったり、危険な行動をとった時に最 大の問題が発生する。」と、岩国基地、安全専門官のショーン・G.・キムハン氏は話 す。「水泳中は薬物やアルコールの摂取は絶対にしないこと。水とアルコールが混ざる と、教命的な結果を引き起こすことがある。水に入るときは必ず足から最初に入り、ラ イフガードがいるのを確認してから泳ぐこと。」

夏の野外での遊びに加えて、高い気温と長い日照時間は多くの健康上のリスクを 引き起こす。熱痙攣、熱中症、熱射病、脱水症、日焼けなどである。

「日本の夏は大変暑く、湿気が多い。」と岩国基地、MCCS センパーフィット。 ヘルスプロモーション部部長のビリー・スコット氏は話す。「肌を露出している部分に は日焼け止めを塗り、適切な服を着て、太陽の下で過ごすのは限られた時間だけにする べきである。夏の間、健康に過ごすために必要なもう一つの大きな要素は、健康に良い 食事をとり、定期的に運動することである。」

夏特有の問題以外にも、交通安全や日米地位協定の規則についての講習も行われ te.

「シートベルトでは命は救えないという人がいたち、その人は嘘をついてい る、」と憲兵隊、事故調査担当のフォレスト・K.・ウィンター伍長に話す。

このような知識を岩国基地住人に提供するだけでなく、安全部は日本語での危機 予知管理 (ORM) クラスを MLCや IHA 日本人従業員向けにも行っている。6月から8 月の間、日本語の ORM クラスは月に三回、安全部で行われる。

「安全部は、するべきこと、するべきでないこと、できること、できないことを 皆さんに言うためにいるのではない。安全部は、皆さんが出かける前に、少しでも危機 予知管理を実践してほしいと思っている。」とキムハン氏は話す。

> been great I love hitting the ball, catching pop flies and learning new stuff every week."

With the regular season coming to a close, players look forward to the upcoming All-Star League.

In the All-Star League players from the regular season will be selected to

compete and will form two teams to compete with 11 Japanese teams

"I joined the league this year because I wanted to play on the All-Stars" said Saiko

During the season the teams will conduct two home stays. A home stay consists of the players staying overnight with the opposite teams family. The home stay gives players the opportunity to see what its like in a Japanese household. The players will also host Japanese players in

their homes to show them an American household

Currently, youth sports is looking for volunteers to pitch in for the home stavs.

For information about volunteering for the home stays or to find out more about youth sports contact 253-3239.

## INTRAMURAL SUMMER BASKETBALL

The season begins at the IronWorks Gym Sports Courts June 13. Games are held Monday, Tuesday, Wednesday and Friday, 6-8 p.m. Call 253-5777 for more information.

# Recovery runs away with victory

STORY AND PHOTOS BY LANCE CH. LUKAS J. BLOM Combat Correspondent

Five teams of three athletes, representing their respective units, competed in the first-ever indoor triathlon, and third event of the 2005 President's Challenge, held at IronWorks Gym here, May 25.

With the closest team finishing nearly four minutes behind, the athletes of the aircraft recovery shop left their competition in their wake as they ran, swam and biked to the winners circle for the second event in a row.

The indoor trek consisted of a 200-meter swim in the IronWorks pool, five-mile bicycle journey on a stationary bike and a two-mile run on a treadmill.

"I think all the competitors were really surprised by how difficult the event actually was, because technically it was still a mini triathlon," said Tracy Morgan, Semper Fit athletics coordinator. "When you swim, bike and run with no break in between, it ends up being a pretty intense workout."

"This event was different from anything I've done before," said Scott P. Nickson, Recovery team captain. "Usually I just do a swim, a bike or a run by itself, but throwing it all together made it much more difficult."

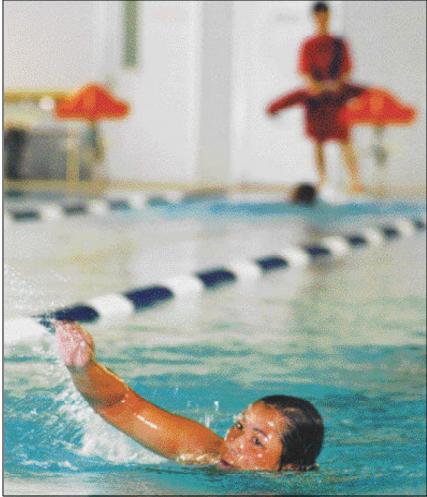

After completing two full laps in the IronWorks pool, the competitors were rushed into the locker rooms to change over and move to the next leg of competition, a five-mile cycle.

"I felt like I was back in boot camp when I was changing over in the locker room, it almost seemed like a drill instructor was going to come over my shoulder and start counting me down," said Judith Willis, Marine Wing Support Squadron 171, S-4 team member.

Racing from the stationary bike to the treadmill, the athletes had only one event to either widen the lead or shorten the deficit. Unfortunately for the four other teams, running was the strongest event for the triathletes of Recovery.

Taking the first, second and third best times in the run portion, Recovery squashed all hopes of comeback for the other competitors.

Although the Recovery team won the entire event, they were only focused on one goal, beating their archrival, Crash Crew, in convincing fashion.

Judith Willis reaches for the water as she propels herself through the IronWorks Gym pool during the 200 meter swim portion of the Indoor triathlon, May 28.

"The reason why we're so much better than Crash Crew is because we do more by 8 a.m. Monday morning than they do in a whole week," said Nickson. "We do more than buff floors and wax trucks all day."

At the end of the event the Recovery team was awarded a check for \$100 from Marine Corps Community Services, which will be put towards a party fund for their team. "I'd definitely do another triathlon," said Willis.

"It was a lot of fun and a pretty intense PT session. It will defiantly help my (Personal Fitness Test) score "

Marlon T. Porche races through the second phase of the indoor triathlon, the five-mile bike ride.

Station residents make a racket — Shawn Ryan (left) and Dan Reardon were the first and second place winners at the Marine Corps Air Station Iwakuni 2005 Intramural Spring Tennis Tournament, May 28-29. The 2-day event, hosted at the Station Tennis Courts, consisted of ten competitors who fought diligently for the first and second place trophies.
