

K-9 Demonstration Request Form

This form is to be submitted 14 days prior to the requested date. Once the request is received by PMO, it will be routed through the Chain of Command for approval.

The site and purpose are subject to review prior to approval. Each area for said request will be inspected prior to approval of the demonstration.

If the area or conditions are designated unsafe by the Kennel master or Chain of command, the request will be denied. If the area is initially deemed safe and is altered prior to the demonstration, an immediate cancellation will incur. This includes non-compliance of observers to safety precautions.

A safe observation area will be designated by the Kennel Master prior to the demonstration. This area will include kennel personnel on standby to direct observers if needed.

The safe observation area will be no less than 20 feet away from the demonstration area.

During the demonstration all observers are required to remain in the safe area.

At no point will non K-9 personnel be allowed to participate in any "Bite work" or aggression sessions without the documented request and approval of the Provost Marshal. No exceptions.
